

Preparing your Pet's Food for Boarding

*Feeding: 2 x day (AM and PM)

Dry Food

Divide your pet's dry food into 2 meals per day. Place each meal in a small Ziploc baggie labeled with your pet's first and last name. Include enough meals for the duration of your dog's stay. Place all the Ziploc bags into one large container, preferably plastic, or a bag that is easily stored. You may also provide food in one plastic container, labeled.

Canned Food

Create a label for each can stating the pet's first name, last name, and amount of canned food given per meal. Please include any measuring device used to administer your pet's food and label with pet's first and last name.

Medications

Please provide the amount of Medication needed for your pets stay.

Create a label for each medication stating the dog's first name, last name, include how many doses per day and what it is prescribed for.
